- All in favor to approve the purchase of a replacement piece
- David will purchase and will file for a reimbursement

Prudy has been discussing with the CPC about paying Greg Whitmore for his work as we go.

- Bruce Stone and CPC have no problem with us submitting invoices
- Jen Rand stated that we need a contract with Greg Whitmore – like we do with Horsley Witten
 - o Greg was not required in the past to have insurance to do work for the Mill Brook Committee for the last report, but Jen thinks that he should have insurance – Jen is going to get back to Prudy about whether the insurance is required
 - o Prudy will ask if Greg could sign a liability waiver for the town in lieu of getting insurance
